### Active Minds® Presents Putin's Russia - Wed, September 13<sup>th</sup>, 2017, 3PM - 4PM

Under the leadership of Vladimir Putin, Russia has been accused of illegally invading Ukraine and hacking the U.S. to influence the 2016 presidential election. Having stretched his influence far beyond the term of his first official Presidency and now having returned to the role and consolidated his power, Vladimir Putin's leadership of Russia suggests a return to an authoritarianism that, for some, feel similar to the days of Soviet control and the Czars of old. Join Active Minds as we examine the story of Russia under the influence of Vladimir Putin. Cost: Free. RSVP appreciated
