### Active Minds® Presents The American West with Zoom - Wednesday, October 14, 2020 - 3:00PM

Germany is the most populous country in the European Union and is the EU's largest economy. Since the debt crisis of 2008, Germany has taken on a dominant position as a de facto leader of the EU. Now, with long-time Chancellor Angela Merkel not seeking re-election and the EU's second largest economy (the United Kingdom) on its way out the door, Germany is at a crossroads. These circumstances, combined with a resurgent German far-right and the Coronavirus pandemic, place Germany in uncertain territory. Join Active Minds as we discuss Germany's tumultuous history and nebulous future. Go to Active Minds for life to sign up for this offering via ZOOM.
