Active Minds® Presents The Story of Salt – Attend with Zoom

Wednesday, December 9, 2020 – 3:00PM – 4:00PM

The word “salary” comes from “salt” and indicates the historic value placed on this important commodity. Used as a method of trade and currency, the role of salt in the history of civilization cannot be overstated. Join Active Minds as we tell the story of salt, from its key role in preserving food, to its influence in political conflict, to modern angles including gourmet salt and health concerns surrounding high blood pressure. It’s a salty tale indeed!

**A message from RiverPointe and our COVID Statement:** Due to the increased numbers of COVID positive tests and hospitalizations in the State of Colorado, RiverPointe has decided to forego group gatherings and dining in our restaurant for the month of November. Residents still have access to transportation to the necessities, to Doctor’s appointments and grocery stores. The foot clinic, hair salon and hearing clinic will still be available. Residents are free to come and go, as well as visit their families, or have family members visit them in our outdoor setting. We do (however) recommend thoughtfulness and risk assessment to exposing loved ones living at RiverPointe to the virus and we expect our residents to limit exposure (as they have been doing) and to continue to be a kind neighbor to others living here at RiverPointe. This policy is subject to change depending on policies put in place by our Governor. **We continue to offer tours to qualified seniors. For more information or details about how to make RiverPointe your new home please call RiverPointe at 303-797-0600 and ask for Donna.**

**Coming Soon ...** RiverPointe will soon be offering homecare on-site for our residents who are looking for shorter increments of care, or help with running errands, or in need of companionship during these days of isolation. **Watch for more details coming soon!**
