Active Minds® Puerto Rico

Repeatedly devastated by multiple hurricanes in recent years, Puerto Rico continues to struggle with storm vulnerability and a fragile infrastructure. As a US Territory, Puerto Rico's 3.2 million citizens lack direct representation in Washington to advocate for funds to address these issues. Join Active Minds as we review the history of Puerto Rico, including how U.S. policies have impacted its economy and its people over the past century. We will end with a look forward as to what the future may hold for the island as it continues to rebuild. RSVP requested: Call 303-797-0600.
